IG Metall, representing more than 2.2 million working people, has developed excellent relations with the UAW. On behalf of IG Metall I congratulate you and the UAW in chartering Local 42 in Chattanooga. This ensures a trade union representation in Chattanooga and, thus, responds to the needs of many working men and women at Volkswagen Chattanooga.

In the spirit of co-determination I expect from Volkswagen that it cooperates with Local 42 in a constructive manner. Workers' participation and co-determination have to gain ground also in Tennessee. IG Metall will continue to engage against any attempts to deny working people their right to organize.

Secure employment and co-determination constitute the model for global success of Volkswagen.

I would like to assure you of our support and I look forward to an intensified of IG Metall and the UAW in the future
